

Software Engineering 2 - Registration Form for the eMall R&DD Project - A.Y. 2022-2023

This form is to enrol in the software engineering R&DD project to be developed in the A.Y. 2022-2023.

Before filling in the form, please create a Github private repository. It should be named by combining the names of all group members. For instance, BianchiRossiVerdi will be the name of the repository of the group composed of the students Tommaso Bianchi, Maria Rossi e Veronica Verdi. Please notice that Github allows private repositories with more than three participants for student projects, provided that the repository creator has registered on Github as a student.

All group members should have access to this repository. Also, add the account of your reference professor to such repository - reading access is sufficient. Prof. Di Nitto's account is dinitto, the one of Prof. Rossi is matteo-g-rossi and the one of Prof. Camilli is matteocamilli. Your repository should be set up on github and should be private.

Please fill in the form carefully. All members of the group have to be properly identified. All email addresses and the link to the github account should be correct! If you realize they are incorrect, please submit a new form with the correct data.

* Required

Other team member's contact information

Please double check the information you insert. Make sure it is correct.

1. Are you a cross-class group? *

☒ Yes

☐ No

2. Your reference professor

(Groups of students from different course sections can select any of the course instructors as their reference professor. In order to balance the load between professors, we may redistribute some groups between the three of us) *

☐ Prof. Camilli

☐ Prof. Di Nitto

☐ Prof. Rossi

3. URL of your repository *

https://github.com/FabioLusha/LushaSavoiu

4. Your first name *

Fabio

5. Your last name *

Lusha

6. Your person code *

10882532

7. Your email address (please provide your @mail.polimi.it address) *

fabio.lusha@mail.polimi.it

8. The group is composed of *

- ☐ Only yourself
- ☐ Two students including yourself
- ☐ Three students including yourself

Other team member's contact information
